CHARACTERISTICS

- + 400% Scratchproof: thanks to the ultra-hard Titan base, the bottom of the pan can withstand the action of metal utensils such as tongs, forks and knives
- Always new-looking: thanks to the scratchproof qualities and the hardness of the Titan Resistance coating
- Increased stain resistance, thanks to its highly non-stick qualities, even after lengthy cooking use
- Extreme resistance to saline corrosion and to aggressive agents such as the acids naturally present in foods
- Easy to clean: the non-stick characteristics of the coating make it easy to clean by hand as well as being completely dishwasher safe
- Perfect on all heat sources, including induction, thanks to the steel bottom
- Thermochromatic handle so you can always see when the time is right to start cooking
- All TVS non-stick coatings are free from Nickel, heavy metals and PFOA
- Lifetime guarantee
