## CHARACTERISTICS

- New scratchproof, non-stick surface with ultra-hard embossed texture that allows metal utensils to glide over them without damaging the coating
- 3 times unbeatable thanks to its R3SiSTEK by TVS coating: tireless because the coating is made to last; indestructible because it can guarantee resistance to abrasion and wear; totally scratchproof for use with metal cooking utensils
- The whole surface is 100% non-stick and guarantees that cooking residues will not adhere. Easy to clean by hand but also perfectly dishwasher safe
- Ideal for all heat sources, for top performance on all induction sources, thanks to the stainless steel disc
- A wide range developed for all types of cooking, the utensils we frequently use to stir, turn, or gently fry the food being prepared
- Effective and elegant. The brushed bottom offers stability on any heat source and is enhanced by the laser engraved TVS logo
- Soft touch ergonomic handles for a safe, comfy grip during use
- All TVS non-stick coatings are free from Nickel, heavy metals and PFOA
- 5-year warranty
