

WHY BUY?

ARTUSI 2.0

STAINLESS STEEL

An aluminium core between two layers of steel. Perfect for immersion cooking and boiling

COPPER

Trilaminate of copper, aluminium, and stainless steel. Perfect for quick cooking processes that respect the properties of the food

CARBON STEEL

Moulded carbon steel body, perfect for sauté, roast and fry

IT'S DESIGNER

Created by Antonio Citterio, one of Italy's most prestigious designers

ALUMINIUM

Even cooking results over the whole surface, and with non-stick coating, this is the ideal platform in any kitchen

NON-STICK

Toptek reinforced non-stick coating for superior ease of cooking and cleaning

ENAMEL-COATED CAST IRON

Stores and distributes heat, even over a low flame. Ideal for grilling and grill plates

FOR YOUR SAFETY.

The TVS Quality Management System is certified and every product is designed, tested and checked to make sure of absolute suitability for use with foods and the safety of its non-stick coatings.

FOR YOUR WELLBEING.

All TVS coatings are free from Nickel, heavy metals and PFOA!

FOR SUSTAINABILITY.

The high-gauge aluminium body guarantees excellent heat diffusion and great temperature stability. This means great energy savings for the environment and the economy.
