

# WHY BUY?

## luna induction

### IT'S ELEGANT

The shapes and colours epitomise chic and make Luna induction a firm favourite with cooking enthusiasts who love to serve food in style

### IT'S VERSATILE

The brushed bottom with steel disc is a guarantee of non-slip grip on all cook tops, for even better cooking comfort

### IT'S PRACTICAL

The Toptek Pro coating with double finishing layer is a guarantee of excellent non-stick quality and easy cleaning, even in the dishwasher

### IT'S SURPRISING

The steel handle is designed not to scald when used on a cook top, offering a firm grip and comfortable use in the kitchen

### IT'S HIGH PERFORMING

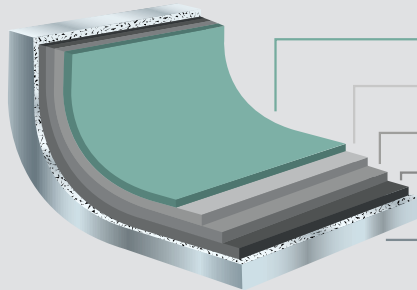

Perfect on all heat sources, including induction, and even in the oven, thanks to its steel handles

### IT'S SAFE

Like all TVS lines, the coating is free from nickel, PFOA, lead, and cadmium

REINFORCED NON-STICK COATING (4 LAYERS)

- 4. Double finishing layer
- 3. Non-stick finish
- 2. Intermediate layer
- 1. Layer of base coating reinforced with hard mineral particles
- Sandblasted aluminium

### FOR YOUR SAFETY.

The TVS Quality Management System is certified and every product is designed, tested and checked to make sure of absolute suitability for use with foods and the safety of its non-stick coatings.

### FOR YOUR WELLBEING.

All TVS coatings are free from Nickel, heavy metals and PFOA!

### FOR SUSTAINABILITY.

The high-gauge aluminium body guarantees excellent heat diffusion and great temperature stability. This means great energy savings for the environment and the economy.
