

# WHY BUY?

## natura induction

### IT'S SENSITIVE

Thanks to the steel disc that provides an ultra-high energy performance on induction cooktops

### IT'S GREEN!

Thanks to Vegetek, it's non-stick and natural, with the body made of a high percentage in recycled aluminum

### IT'S EFFICIENT

Perfect on all heat surfaces, including induction

### IT'S SAFE

Because it's free from substances such as PFOA, lead or cadmium

### IT'S HEALTHY

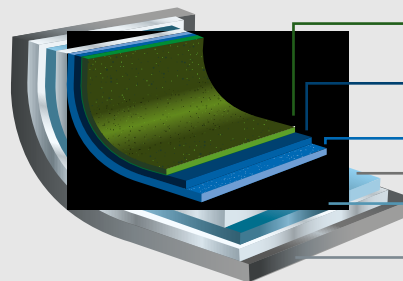

A non-stick coating that lets you cook using less oil or fat

### IT'S PRACTICAL

Non-stick and stain proof, as well as easy to clean, as well as being dishwasher safe

VEGETEK PLANT-BASED NON-STICK COATING (5 LAYERS)

1. Base layer, strengthened with ultra-hard minerals
  2. Intermediate layer with mineral booster
  3. First, doubled layer with a high mineral content
  4. Second, doubled layer for improved strength
  5. Special plant-based finish for better, natural non-stick quality
- Made with a special recycled aluminum alloy material

### FOR YOUR SAFETY.

The TVS Quality Management System is certified and every product is designed, tested and checked to make sure of absolute suitability for use with foods and the safety of its non-stick coatings.

### FOR YOUR WELLBEING.

All TVS coatings are free from Nickel, heavy metals and PFOA!

### FOR SUSTAINABILITY.

The high-gauge aluminium body guarantees excellent heat diffusion and great temperature stability. This means great energy savings for the environment and the economy.
