

WHY BUY?

platino induction

IT'S STRONG

Better cooking performance, thanks to non-stick **TEFLON PLATINUM PLUS**

IT'S WELL PERFORMING

Excellent performance on all hobs, including induction thanks to the steel disc on the bottom

IT'S SMART

Thanks to the thermal chromatic sensor in the handle, you always know the perfect moment in which start cooking

IT'S SAFE

The TVS non-stick coating is 100% free from nickel, heavy metals, PFOA and PFOS

IT'S RESISTANT

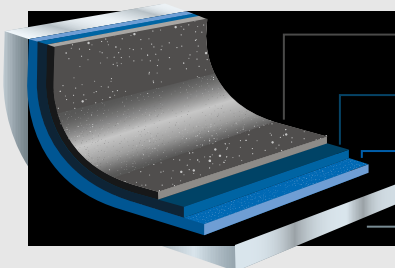

Its aluminium body and the professional look make Platino induction strong and reliable

IT'S PRECIOUS

The silk-screen on the side and the contemporary shapes make Platino induction unique

TEFLON PLATINUM PLUS INTERIOR COATING: ULTRA-NON STICK AND RESISTANT TO SCRATCHING AND WEAR.

- 3. Non-stick finish
- 2. Reinforced intermediate layer
- 1. Layer of base coating reinforced with hard mineral particles
- Sandblasted aluminium for better coating adherence

FOR YOUR SAFETY.

The TVS Quality Management System is certified and every product is designed, tested and checked to make sure of absolute suitability for use with foods and the safety of its non-stick coatings.

FOR YOUR WELLBEING.

All TVS coatings are free from Nickel, heavy metals and PFOA!

FOR SUSTAINABILITY.

The high-gauge aluminium body guarantees excellent heat diffusion and great temperature stability. This means great energy savings for the environment and the economy.
