

# WHY BUY?

## diamante series induction

### IT'S SMART

The thermal chromatic sensor in the handle shows the perfect moment in which to start cooking

### IT'S STYLISH

Thanks to the elegantly decorated interior coating and the stylish design of the ergonomic handle

### IT'S SAFE

Like all TVS lines, the coating is free from nickel, PFOA, lead, and cadmium

### IT'S SPECIAL

The brushed bottom guarantees great grip with no slippage on all cook tops

### IT'S PRECIOUS

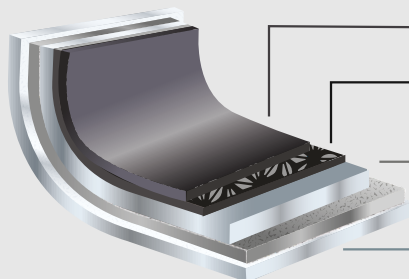

The Diamantek pro protective barrier by TVS is reinforced with diamond particles: scratch resistance and durable non-stick surface

### IT'S HIGH TECH

The steel disc makes it perfect for top performance on all heat sources, including induction

NON-STICK COATING WITH REINFORCED BOTTOM AND PROTECTIVE DIAMOND BARRIER (4 LAYERS)

1. Bottom layer reinforced with ultra-hard mineral particles and diamond powder
  2. Intermediate reinforcement layer
  3. Application of an ultra-resistant barrier, DIAMANTEK PRO by TVS, with excellent surface hardness
  4. Protective shield to guarantee excellent durability
- Sandblasted aluminium for improved non-stick coating durability

### FOR YOUR SAFETY.

The TVS Quality Management System is certified and every product is designed, tested and checked to make sure of absolute suitability for use with foods and the safety of its non-stick coatings.

### FOR YOUR WELLBEING.

All TVS coatings are free from Nickel, heavy metals and PFOA!

### FOR SUSTAINABILITY.

The high-gauge aluminium body guarantees excellent heat diffusion and great temperature stability. This means great energy savings for the environment and the economy.
