

WHY BUY?

HOOK induction

IT'S DESIGNER

Created by Karim Rashid, international name with an unmistakable style.

IT'S VERSATILE

The line works on all heat sources, including induction.

IT'S HARDWEARING

The aluminium is covered with PlusTek non-stick coating: easy to clean and scratch- and abrasion-proof.

IT'S ORIGINAL

Hook is more than cookware; it's also an unusual decorative feature.

IT'S PRACTICAL

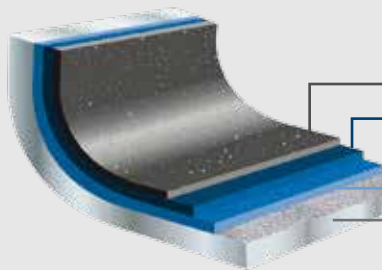

The handles and shapes are innovative: they make it possible to hang Hook - a great space-saving idea.

IT'S HIGH-TECH

Its architecture and materials make it easier for heat to spread, which means excellent light and fat-free cooking results.

NON-STICK COATING (3 LAYERS)

- 3. Non-stick finish
 - 2. Intermediate layer of coating used to reinforce the non-stick coating
 - 1. Base primer
- Sandblasted aluminium

FOR YOUR SAFETY.

The TVS Quality Management System is certified and every product is designed, tested and checked to make sure of absolute suitability for use with foods and the safety of its non-stick coatings.

FOR YOUR WELLBEING.

All TVS coatings are free from Nickel, heavy metals and PFOA!

FOR SUSTAINABILITY.

The high-gauge aluminium body guarantees excellent heat diffusion and great temperature stability. This means great energy savings for the environment and the economy.
