

WHY BUY?

LIQUIDA

IT'S DESIGNER

Winner of the Award for Innovation from the ADI Design Index 2013 and the Compasso d'oro 2014. Designed by Angelo Di Porto.

IT'S ERGONOMIC

The precious polished steel handles are not just great to look at, they also feel good and provide a perfect safe and easy grip.

IT'S EYECATCHING BUT THAT'S NOT ALL

Excellent performance as cooktop to tableware.

IT'S HARDWEARING

Galatek, light-coloured, non-stick coating ensures excellent resistance to scratches and abrasion, as well as being stain proof.

IT'S EFFECTIVE

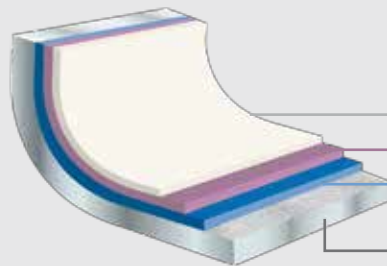

The cast aluminium body creates unusual shapes but are optimised to conduct heat and stabilise temperature during cooking.

IT'S PROFESSIONAL

It can boast the best cooking performance technology and ergonomics that offer absolute cutting-edge performance.

LIGHT NON-STICK COATING REINFORCED WITH ULTRA-HARD MINERAL PARTICLES (3 LAYERS)

- 3. Light non-stick finish
 - 2. Intermediate layer
 - 1. Layer of base coating reinforced with hard mineral particles
- Sandblasted aluminium

FOR YOUR SAFETY.

The TVS Quality Management System is certified and every product is designed, tested and checked to make sure of absolute suitability for use with foods and the safety of its non-stick coatings.

FOR YOUR WELLBEING.

All TVS coatings are free from Nickel, heavy metals and PFOA!

FOR SUSTAINABILITY.

The high-gauge aluminium body guarantees excellent heat diffusion and great temperature stability. This means great energy savings for the environment and the economy.
