

WHY BUY?

MAESTRALE induction

IT'S DESIGNER

Created by Alberto Meda, one of Italy's most prestigious designers.

IT'S VERSATILE

The line works on all heat sources, including induction.

IT'S MULTIPURPOSE

This cookware is even oven safe, up to a temperature of 230°C.

IT'S SAFE

The glass and silicone lids are more stable during use, and also save on storage space.

IT'S ERGONOMIC

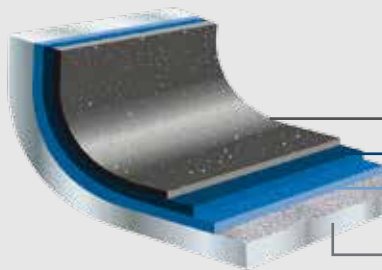

The steel handle is unique and ergonomically optimised for use.

IT'S HIGH PERFORMANCE

The high-gauge aluminium body is coated with Toptek non-stick coating: ultra-resistant to scratches and abrasions.

NON-STICK COATING REINFORCED WITH ULTRA-HARD MINERAL PARTICLES (3 LAYERS)

- 3. Non-stick finish
 - 2. Intermediate layer
 - 1. Layer of base coating reinforced with hard mineral particles
- Sandblasted aluminium

FOR YOUR SAFETY.

The TVS Quality Management System is certified and every product is designed, tested and checked to make sure of absolute suitability for use with foods and the safety of its non-stick coatings.

FOR YOUR WELLBEING.

All TVS coatings are free from Nickel, heavy metals and PFOA!

FOR SUSTAINABILITY.

The high-gauge aluminium body guarantees excellent heat diffusion and great temperature stability. This means great energy savings for the environment and the economy.
