

WHY BUY?

mineralia induction

IT'S PRACTICAL

Extremely easy to clean and incomparably dishwasher safe.

IT'S VERSATILE

A line that works on all heat sources, including induction.

IT'S HARDWEARING.

Resistant to abrasion and suitable for use with metal utensils.

IT'S SUSTAINABLE

The Quarzotek coating, applied to induction technology, is a guarantee of excellent energy savings.

IT'S GUARANTEED

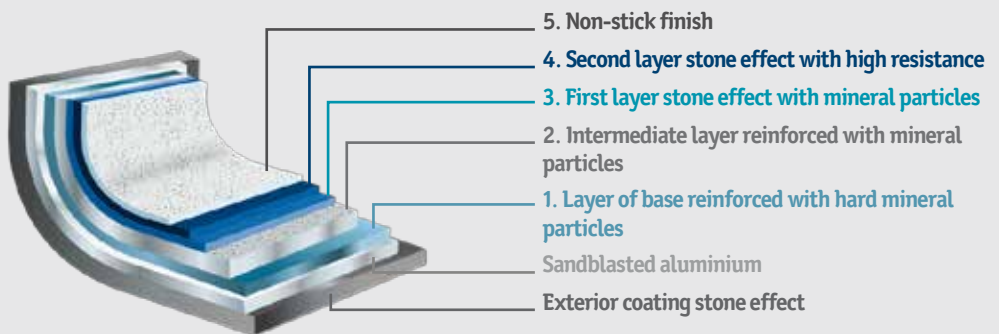

Perfect cooking results, maximum non-stick qualities and super resistance to scratching and abrasion are its main pluses.

IT'S INNOVATIVE

It combines a revolutionary coating reinforced with mineral particles with a bottom that can also be used on induction heat sources.

NON-STICK COATING REINFORCED WITH MINERAL PARTICLES (5 LAYERS)

FOR YOUR SAFETY.

The TVS Quality Management System is certified and every product is designed, tested and checked to make sure of absolute suitability for use with foods and the safety of its non-stick coatings.

FOR YOUR WELLBEING.

All TVS coatings are free from Nickel, heavy metals and PFOA!

FOR SUSTAINABILITY.

The high-gauge aluminium body guarantees excellent heat diffusion and great temperature stability. This means great energy savings for the environment and the economy.
